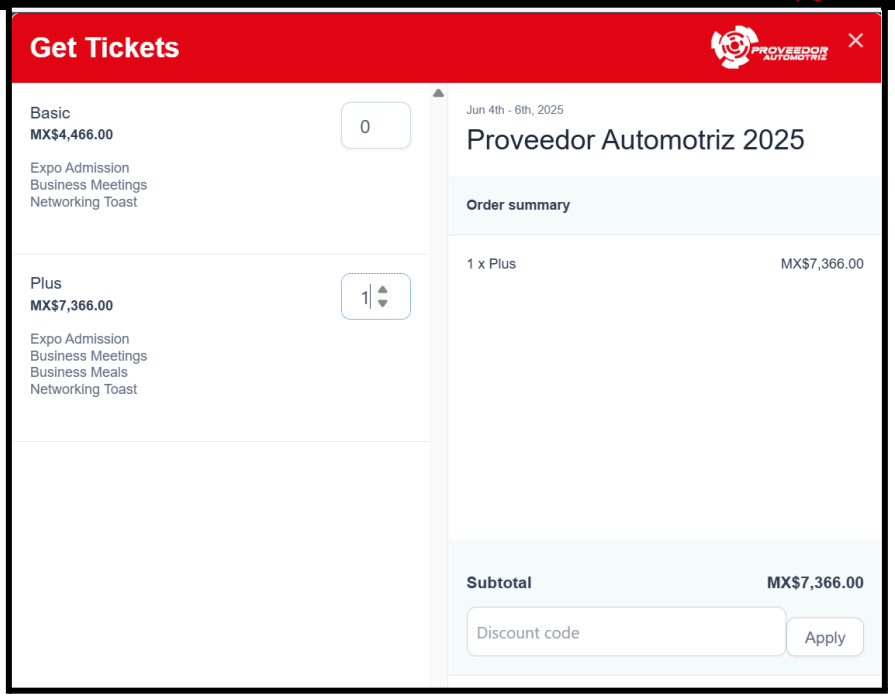
HOW TO VALIDATE YOUR TICKETS WITH THE CODES

Once you receive the code(s) from us in your email, go to the event website and click on the tickets tab.

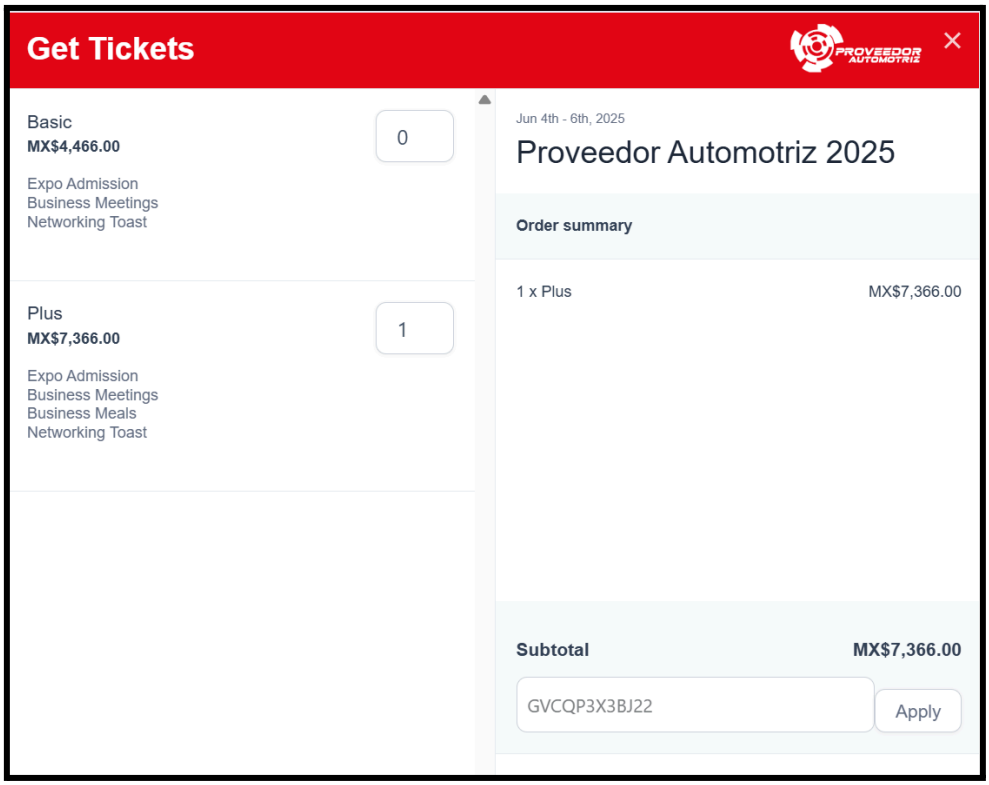
Choose the package you purchased or received as a gift (this will be specified in the email). There are only **two packages: Basic and Plus (B2B or B2B Plus).**

Once you've chosen your package, **click the BUY YOUR TICKET button.**

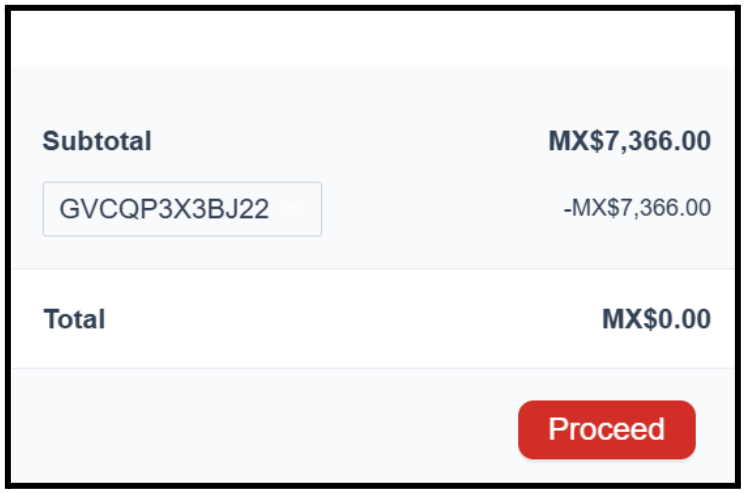
Then, **enter the number of tickets** you receive in your chosen package. Whether it's one, two, or more tickets. It's preferable for each person on your team attending the event to register individually. This will allow you to create their account and personal profile for later B2B appointments.



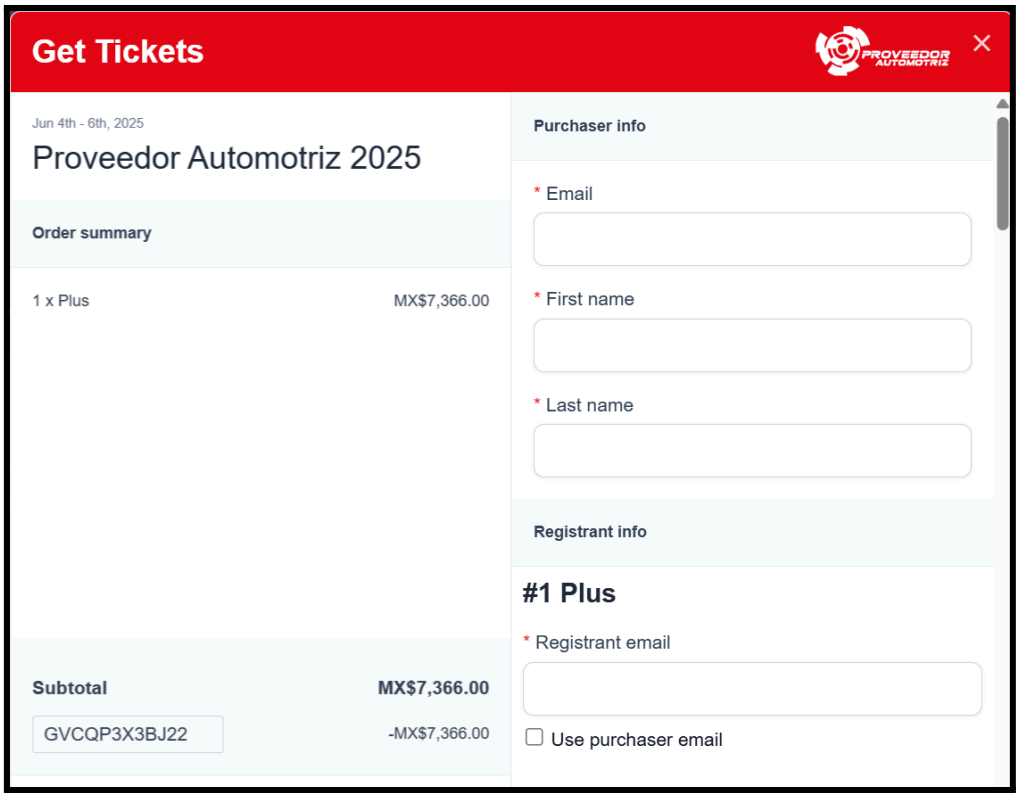
Then, **paste the code in the "Discount Code"** section and click Apply. It should be zero (MX$0.00) or, if applicable, the difference corresponding to the payment.



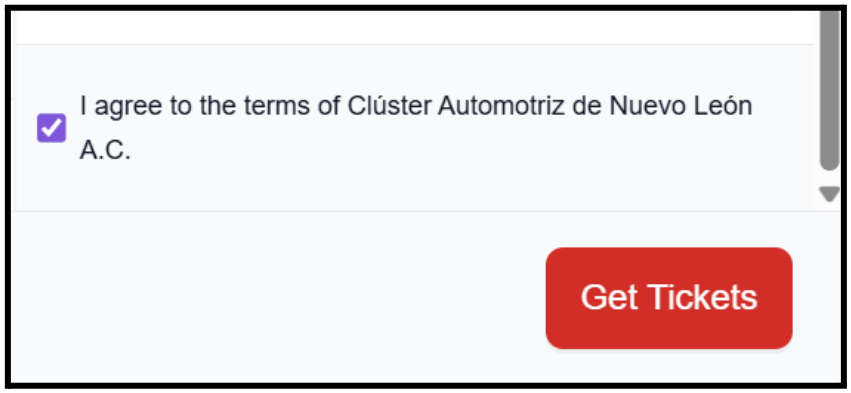
Now click on **"Proceed".**



Fill out the **form** with all the required information.

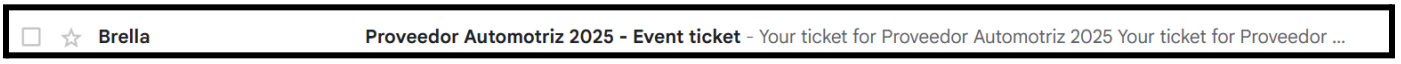


Once you've filled out the form, click the **GET TICKETS** button. You'll then receive an email to the email address you registered.



This screen will also appear. You can click the **CLAIM TICKET** button and begin creating your Brella account and personal profile.

Another way to begin creating your Brella account and personal profile is through the email address you registered, or you'll receive an email from Brella with the subject line **Proveedor Automotriz 2026 Event Ticket.**



Now, open the email

JOIN THE EVENT

If the button above doesn't work, please, copy and paste this link into your browser: https://next.brella.io/join/WQT4A6

If you have questions about joining the event, please read our Help Center Article. For questions regarding the event content, please reach out to the event organizer.

Now follow the steps on how to create and configure your personal profile in Brella, using the **How to Create Your Individual Profile in Brella Manual,** which you can also download from the event website.

IMPORTANT: The people on your team who will be using the tickets and attending the event must register individually on Brella and create their own personal profile within the platform to be able to create B2B appointments.
